II. CLAIMS AND DEFENSES:

A. Claims:² Provide a brief statement of the alleged facts and a succinct summary of the alleged federal or state theories of recovery, citing any relevant statutes which provide the basis for any statutory claims. You do not need to list the elements of each claim.

² The category "Claims" includes any claims raised by any party, including not only those raised by the party(s) who filed the lawsuit, but any crossclaims, counterclaims, or third-party claims raised in the operative pleadings.

- 1) **CLAIM ONE:** Hostile Workplace in Violation of Title VII of the Civil Rights Act of 1964.
- 2) **CLAIM TWO:** Sexual Harassment, Quid Pro Quo in Violation of Title VII of the Civil Rights Act of 1964.
- 3) **CLAIM THREE:** Retaliatory Termination in Violation of Title VII of the Civil Rights Act of 1964.
- 4) **CLAIM FOUR:** Wrongful Termination in Violation of Title VII of the Civil Rights Act of 1964.

B. Defenses:³ List each alleged affirmative defense to the claims, and for any defenses based on a statute, cite the relevant statute.

- 1) **DEFENSE ONE:** Plaintiff's First Amended Complaint, and each and every claim for relief asserted therein, fails to state a claim upon which relief may be granted.
- 2) **DEFENSE TWO:** Plaintiff's claims are barred, in whole or in part, by the doctrine of waiver. Plaintiff asserts Defendant improperly discriminated against and harassed her on the basis of her sex and retaliated against her when she reported the alleged discrimination and harassment; however, while Plaintiff did report some acts of alleged harassment, Plaintiff failed to report many of the acts of alleged discrimination and harassment which are included in her Complaint in this lawsuit.
- 3) **DEFENSE THREE:** Plaintiff's claims are barred, in whole or in part, by the doctrine of estoppel. Plaintiff asserts Defendant improperly discriminated against and harassed her on the basis of her sex and retaliated against her when she reported the alleged discrimination and harassment; however, while Plaintiff did report some acts of alleged harassment, Plaintiff failed to report many of the acts of alleged discrimination and harassment which are included in her Complaint in this lawsuit. Defendant relied on the fact that Plaintiff had not asserted a belief of the additional acts of perceived discrimination, harassment, or retaliation while she was employed.

³ The category "Defenses" includes any defenses raised in any pleading filed in response to the operative complaint, any crossclaims, counterclaims, or third-party claims.

- 4) **DEFENSE FOUR:** Plaintiff's claims are barred, in whole or in part, by the doctrine of laches. Plaintiff demonstrated inexcusable neglect by failing to report all of the alleged acts of discrimination, harassment, and retaliation she is now claiming against Defendant, and Defendant was prejudiced as a result.
- 5) **DEFENSE FIVE:** Plaintiff's claims are barred, in whole or in part, by the doctrine of unclean hands. Plaintiff's failure to provide timely notice of her perception of the additional acts of alleged discrimination, harassment, and retaliation was not in good faith such that Defendant should not be held liable for such claims alleged by Plaintiff.
- 6) **DEFENSE SIX:** Plaintiff's claims are barred, in whole or in part, by her failure to timely file such claims within the statute of limitations.
- 7) **DEFENSE SEVEN:** To the extent that Plaintiff seeks to litigate any claims not set forth in her charge of discrimination, or the alleged discrete acts of discrimination occurred more than 300 days prior to her filing of a charge, those claims are barred by her failure to exhaust her administrative remedies.
- 8) **DEFENSE EIGHT:** Plaintiff's claims are barred, in whole or in part, because at all times relevant, all actions or omissions taken with regard to her or her employment were made in good faith and were taken for legal, legitimate, non-discriminatory and nonretaliatory reasons and/or based upon reasonable grounds for believing said actions were not in violation of any law, statute or regulation.
- 9) **DEFENSE NINE:** Even if Plaintiff could prove that a discriminatory or retaliatory motive was a factor in Tyson's employment actions, Tyson would have taken the same action due to legitimate, nondiscriminatory and nonretaliatory reasons.
- 10) **DEFENSE TEN:** Without admitting same, Plaintiff's claims are barred, in whole or in part, because at all times relevant, Tyson exercised reasonable care to prevent and promptly correct any and all discriminating, harassing, or retaliatory behavior and has instituted adequate policies and procedures for employees to raise allegations of discrimination, harassment or retaliation and Plaintiff failed, in the exercise of reasonable care on her part, to avail herself of and follow those preventive or corrective policies and procedures or to otherwise avoid alleged harm, and the alleged harassment did not culminate into any tangible employment action.

- 11) **DEFENSE ELEVEN:** Plaintiff is not entitled to recover exemplary or punitive damages, as Tyson exercised reasonable care and made good-faith efforts to comply with all laws prohibiting discrimination, harassment and retaliation, and punitive damages are not recoverable on any of Plaintiff's claims.
- 12) **DEFENSE TWELVE:** Plaintiff's claims for punitive damages are barred because the alleged acts or omissions of Tyson fail to rise to the level required to sustain an award of punitive damages, do not evidence malicious, reckless or fraudulent intent to deny Plaintiff her legal rights, and are not so wanton and willful as to support an award of punitive damages.
- 13) **DEFENSE THIRTEEN:** Plaintiff has failed to mitigate her alleged damages, if any.
- 14) **DEFENSE FOURTEEN:** To the extent it is discovered Plaintiff has engaged in conduct or made representations before, during or after her employment with Tyson that would have prevented or ended her employment with Tyson had Tyson known about said conduct or representations, Plaintiff's claims are barred, in whole or in part, by the after-acquired evidence doctrine.
- 15) **DEFENSE FIFTEEN:** Some or all of Plaintiff's alleged damages, to the extent that they exist, were caused, in whole or in part, by Plaintiff or sources other than any alleged actions by Tyson. Accordingly, any such damages should either be denied completely or apportioned according to the evidence.
- 16) **DEFENSE SIXTEEN:** Any damages alleged by Plaintiff may be subject to offset by subsequent income she has received, including, but not limited to, unemployment benefits.

PROTECTIVE ORDER

Upon consideration of the parties' joint request for entry of a Protective Order, (Filing No. XX), the Court enters the following Protective Order governing the disclosure of confidential Discovery Material by a Producing Party to a Receiving Party in this Action.

1) **Definitions.** As used in this Order:

- a. Action refers to the above-captioned litigation.
- b. Discovery Material includes all information exchanged between the parties, whether gathered through informal requests or communications between the parties or their counsel, or gathered through formal discovery conducted pursuant to Rules 30 through 36, and Rule 45. Discovery Material includes information within documents, depositions, deposition exhibits, and other written, recorded, computerized, electronic or graphic matter, copies, and excerpts or summaries of documents disclosed as required under Rule 26(a).
- c. A Producing Party is a party to this litigation, or a non-party either acting on a party's behalf or responding to discovery pursuant to a Rule 45 subpoena, that produces Discovery Material in this Action.
- d. A Receiving Party is a party to this litigation that receives Discovery Material from a Producing Party in this Action.

2) **Confidential Discovery Material.** This Protective Order applies to all

confidential Discovery Material produced or obtained in this case. For the purposes of this Protective Order, confidential Discovery Material shall include:

- a. Commercial information relating to any party's business including, but not limited to, tax data, financial information, financial or business plans or projections, proposed strategic transactions or other business combinations, internal audit practices, procedures, and outcomes, trade secrets or other commercially sensitive business or technical information, proprietary business and marketing plans and strategies, studies or analyses by internal or outside experts, competitive analyses, customer or prospective customer lists and information, profit/loss information, product or service pricing or billing agreements or guidelines, and/or confidential project-related information;
- b. Personnel data of the parties or their employees, including but not limited to employment application information; the identity of and information received from employment references; wage and income information; benefits information; internal policies and procedures; employee evaluations; medical evaluation and treatment information and records; counseling or mental health records; educational records; and employment counseling, discipline, or performance improvement documentation;
- c. Information concerning settlement discussions and mediation, including demands or offers, arising from a dispute between a party and a non-party;
- d. Medical or mental health information;
- e. Records restricted or prohibited from disclosure by statute; and
- f. Any information copied or extracted from the previously described materials, including all excerpts, summaries, or compilations of this information or testimony, and documentation of questioning, statements, conversations, or presentations that might reveal the information contained within the underlying confidential Discovery Material.

3) **Manner of Confidential Designation.** A Producing Party shall affix a "CONFIDENTIAL" designation to any confidential Discovery Material produced in this Action.

- a. As to documentary information (defined to include paper or electronic documents, but not transcripts of depositions or other pretrial or trial

proceedings), the Producing Party must affix the legend “CONFIDENTIAL” to each page that contains protected material.

- b. If only a portion or portions of the information on a document page qualifies for protection, the Producing Party must clearly identify the protected portion(s) (e.g., by using highlighting, underlining, or appropriate markings in the margins).
- c. If it is not feasible to label confidential Discovery Material as “CONFIDENTIAL,” the Producing Party shall indicate via cover letter or otherwise at the time of production that the material being produced is CONFIDENTIAL.

4) Timing of Confidential Designation.

- a. Except as otherwise stipulated or ordered, or where discovery is made available for inspection before it is formally disclosed, Discovery Material that qualifies for protection under this Order must be clearly so designated before the material is disclosed or produced.
- b. If the Producing Party responds to discovery by making Discovery Material available for inspection, the Producing Party need not affix confidential designations until after the Receiving Party has selected the material it wants to receive. During the inspection and before the designation, all material made available for inspection is deemed “CONFIDENTIAL.” After the Receiving Party has identified the Discovery Material it wants produced, the Producing Party must determine which materials, or portions thereof, qualify for protection under this Order, and designate the materials as “CONFIDENTIAL” as required under this order.

5) Qualified Recipients. For the purposes of this Protective Order, the persons authorized to receive Discovery Material designated as “CONFIDENTIAL” (hereinafter “Qualified Recipients”) are:

- a. The Parties, including any members, council members, officers, board members, directors, employees, or other legal representatives of the parties;
- b. Legal counsel representing the parties, and members of the paralegal, secretarial, or clerical staff who are employed by, retained by, or assisting such counsel; including vendors who are retained to copy documents or

electronic files, provide technical, litigation support, or mock trial services, or provide messenger or other administrative support services;

- c. Any non-expert witness during any deposition or other proceeding in this Action, and counsel for that witness;
- d. Potential witnesses and their counsel, but only to the extent reasonably related to the anticipated subject matter of the potential witness's deposition, trial, or hearing testimony for this Action, so long as such persons agree to maintain the confidential Discovery Material in confidence per the terms of this Order, and provided that such persons may only be shown copies of confidential Discovery Material and may not retain any such material;
- e. Consulting or testifying expert witnesses who will be providing professional opinions or assistance for this Action based upon a review of the CONFIDENTIAL information, and the staff and assistants employed by the consulting or testifying experts;
- f. Any mediator or arbitrator retained by the parties to assist with resolving and/or settling the claims of this Action and members of the arbitrator's or mediator's staff and assistants;
- g. The parties' insurers for this Action, and their staff and assistants, members, officers, board members, directors or other legal representatives;
- h. Court reporters for depositions taken in this Action, including persons operating video recording equipment and persons preparing transcripts of testimony;
- i. The court and its staff, any court reporter or typist recording or transcribing hearings and testimony, and jurors; and
- j. Any auditor or regulator of a party entitled to review the confidential Discovery Material due to contractual rights or obligations, or federal or state laws, or court orders, but solely for such contractual or legal purposes.

6) **Dissemination by the Receiving Party.** Counsel for the Receiving Party shall:

- a. Require Qualified Recipients who are non-expert witnesses or expert witnesses and consultants and who receive information designated as "CONFIDENTIAL" to review and agree to the terms of this Protective Order

and execute a copy of the Agreement attached hereto as Appendix A before receiving confidential Discovery Material.

- b. Instruct witnesses, consultants, and outside counsel who assist with case preparation or represent a witness that disclosure of the information designated as "CONFIDENTIAL" is prohibited as set forth herein.
- c. Maintain a list of any confidential Discovery Material disclosed and to whom, along with the executed copies of the Appendix A Agreement.

The prohibition on disclosing information designated as "CONFIDENTIAL" exists and is enforceable by the court even if the person receiving the information fails or refuses to sign the Appendix A Agreement.

7) **Duty as to Designations.** Each Producing Party that designates information or items as CONFIDENTIAL must exercise reasonable care to limit any such designation to specific material that qualifies under the appropriate standards, and designate only those parts of material, documents, items, or oral or written communications that qualify, so that other portions of the material, documents, items, or communications for which protection is not warranted are not swept unjustifiably within the ambit of this Order. Broadly described, indiscriminate, or routinized designations are prohibited.

8) **Limitations on Use.** Confidential Discovery Material shall be used by the Receiving Party only to prepare for and conduct proceedings herein and not for any business or other purpose whatsoever. The parties acknowledge that some of the information produced in this case may be protected health information, or contain such information, within the meaning of the Health Insurance Portability and Accountability Act (HIPAA). Consistent with 45 C.F.R. § 164.512(e)(1)(iv)(v), and as to the health information requested, counsel and the Receiving Party:

- a. Shall not use or disclose the information for any purpose other than the litigating this Action;
- b. Shall return or destroy the protected health information (including all copies made) at the end of this Action; and
- c. Shall request, use and disclose only the minimum amount necessary to conduct this Action.

9) **Maintaining Confidentiality.** Discovery Material designated as “CONFIDENTIAL” shall be held in confidence by each Qualified Recipient to whom it is disclosed, shall be used only for purposes of this action, and shall not be disclosed to any person who is not a Qualified Recipient. Each party, each Qualified Recipient, and all counsel representing any party, shall use their best efforts to maintain all information designated as “CONFIDENTIAL” in such a manner as to prevent access, even at a hearing or trial, by individuals who are not Qualified Recipients. Nothing herein prevents disclosure beyond the terms of this Protective Order if the party claiming confidentiality consents in writing to such disclosure.

10) **Copies.** Discovery Material designated as “CONFIDENTIAL” shall not be copied or otherwise reproduced by the Receiving Party, except for transmission to Qualified Recipients, without the written permission of the Producing Party or, in the alternative, by order of the court. However, nothing herein shall restrict a Qualified Recipient from loading confidential documents into document review platforms or programs for the purposes of case or trial preparation or making working copies, abstracts, digests, and analyses of information designated as “CONFIDENTIAL” under the terms of this Protective Order.

11) **Docket Filings.** All documents of any nature including, but not limited to, briefs, motions, memoranda, transcripts, discovery responses, evidence, and the like that are filed with the court for any purpose and that contain Discovery Material designated as “CONFIDENTIAL” shall be provisionally filed under restricted access with the filing party’s motion for leave to file restricted access documents. A party seeking to file Discovery Material under restricted access must comply with the court’s rules and electronic docketing procedures for filing such motions.

12) **Depositions.** The following procedures shall be followed at all depositions to protect the integrity of all Discovery Material designated as “CONFIDENTIAL”:

- a. Only Qualified Recipients may be present at a deposition in which such information is disclosed or discussed.
- b. All deposition testimony which discloses or discusses information designated as “CONFIDENTIAL” is likewise deemed designated as

“CONFIDENTIAL.”

- c. Information designated as “CONFIDENTIAL” may be used at a nonparty deposition only if necessary to the testimony of the witness.

13) Challenges to Confidentiality Designations. A Receiving Party that questions the Producing Party’s confidentiality designation will, as an initial step, contact the Producing Party and confer in good faith to resolve the dispute. If the parties are unable to resolve the dispute without court intervention, they shall schedule a conference call with the magistrate judge assigned to the case before engaging in written motion practice. If a written motion and briefing are necessary and the information in dispute must be reviewed by the court to resolve that motion, the confidential information shall be filed under restricted access pursuant to the court’s electronic docketing procedures. The party that produced the information designated as “CONFIDENTIAL” bears the burden of proving it was properly designated. The party challenging a “CONFIDENTIAL” designation must obtain a court order before disseminating the information to anyone other than Qualified Recipients.

14) Use at Court Hearings and Trial. Subject to the Federal Rules of Evidence, Discovery Material designated as “CONFIDENTIAL” may be offered and received into evidence at trial or at any hearing or oral argument. A party agreeing to the entry of this order does not thereby waive the right to object to the admissibility of the material in any proceeding, including trial. Any party may move the court for an order that Discovery Material designated as “CONFIDENTIAL” be reviewed *in camera* or under other conditions to prevent unnecessary disclosure.

15) Return or Destruction of Documents. Upon final termination of this Action, including all appeals, each party shall make reasonable efforts to destroy all Discovery Material designated as “CONFIDENTIAL.” However, subject to the terms of this Protective Order, counsel for the destroying party may maintain documents marked “CONFIDENTIAL” in counsel’s files under the firm’s file retention policies if deemed necessary. The destroying party shall notify the producing party when destruction under this provision is complete. If a party is unable to destroy all Discovery Material designated as “CONFIDENTIAL,” that material shall be returned to the Producing Party

or the Producing Party's counsel. This Protective Order shall survive the final termination of this action, and it shall be binding on the parties and their legal counsel in the future.

16) **Modification.** This Protective Order is entered without prejudice to the right of any party to ask the court to order additional protective provisions, or to modify, relax or rescind any restrictions imposed by this Protective Order when convenience or necessity requires. Disclosure other than as provided for herein shall require the prior written consent of the Producing Party, or a supplemental Protective Order of the court.

17) **Additional Parties to Litigation.** In the event additional parties are joined in this action, they shall not have access to Discovery Material as "CONFIDENTIAL" until the newly joined party, by its counsel, has executed and, at the request of any party, filed with the court, its agreement to be fully bound by this Protective Order.

18) **Sanctions.**

- a. Any party subject to the obligations of this order who is determined by the court to have violated its terms may be subject to sanctions imposed by the court under Rule 37 of the Federal Rules of Civil Procedure and the court's inherent power.
- b. Confidentiality designations that are shown to be clearly unjustified or that have been made for an improper purpose (e.g., to unnecessarily prolong or encumber the case development process or to impose unnecessary expenses and burdens on other parties) expose the designating party to sanctions. Upon discovering that information was erroneously designated as CONFIDENTIAL, the Producing Party shall promptly notify all other Parties of the improper designation

19) **Inadvertent Disclosure of Protected Discovery Material.**

- a. A Producing Party that inadvertently fails to properly designate Discovery Material as "CONFIDENTIAL" shall have 14 days from discovering the oversight to correct that failure. Such failure shall be corrected by providing written notice of the error to every Receiving Party.
- b. Any Receiving Party notified that confidential Discovery Material was received without the appropriate confidentiality designation as authorized under this order shall make reasonable efforts to retrieve any such

documents distributed to persons who are not Qualified Recipients under this order, and as to Qualified Recipients, shall exchange the undesignated or improperly designated documents with documents that include the correct "CONFIDENTIAL" designation.

20) Disclosure of Privileged or Work Product Discovery Material.

- a. The production of attorney-client privileged, or work-product protected electronically stored information ("ESI") or paper documents, whether disclosed inadvertently or otherwise, is not a waiver of the privilege or protection from discovery in this case or in any other federal or state proceeding. This Protective Order shall be interpreted to provide the maximum protection allowed by Federal Rule of Evidence 502(d). Nothing contained herein is intended to or shall serve to limit a party's right to conduct a review of documents, ESI or information (including metadata) for relevance, responsiveness and/or segregation of privileged and/or protected information before production.
- b. Any party who discloses documents that are privileged or otherwise immune from discovery shall promptly upon discovery of such disclosure, advise the Receiving Party and request that the documents be returned. The Receiving Party shall return such produced documents or certify their destruction, including all copies, within 14 days of receiving such a written request. The party returning such produced documents may thereafter seek re-production of any such documents pursuant to applicable law.
